

REMARKS

Substitute Claim Listing

The present substitute claim listing has been provided to correct the status identifier of claims 1-16 and to renumber claims previously incorrectly numbered claims 24-40, in the Applicants' November 12, 2004 response. Thus, the claims are now correctly numbered as claims 23-39. It is apparent from the November 12, 2004 claim listing that the number 23 was accidentally left out of the numerical listing. Therefore, Applicants have complied with the requirements of 37 CFR §1.121, and Applicants respectfully request that the claim listing of the November 12, 2004 response be replaced with the current listing of claims.

Drawings

Applicants submit herewith a new Figure 1, showing the corrections mentioned in the November 12, 2004 response in red ink. It is noted by Applicants that the version showing the corrections in red ink was inadvertently left out of the Applicants' November 12, 2004 response. Accordingly, Applicants respectfully request entry of the present Figure 1.

Applicants are also submitting herewith a new formal Figure 2, showing the corrections mentioned in the November 12, 2004 response in red ink. It is noted by applicants that the version showing the corrections in red ink was inadvertently left out of the Applicants' November 12, 2004 response. Accordingly, Applicants respectfully request entry of the present Figure 2.

Applicants respectfully submit that response of November 12, 2004 has been corrected in this response, in accordance with the February 8, 2005 communication from the Office.
